Abridged Pause Recordings signs Kailash

Abridged Pause Recordings signs Kailash!

Kailash becomes part of the official Abridged Pause Recordings roster!

Kailash has been part of the guest Abridged Pause Recordings roster since 2009, with the inclusion of their song “Past Changing Fast” on the first Abridged Pause Recordings release “Diluvian Temperals”. At the time the song was exclusive to the compilation, before it was intended that Abridged Pause Recordings release the 12″ colored vinyl version of their album of the same name, in 2010. After that plan fell through, Kailash will be re-editing the album and will release the new full-length album “Past Changing Fast: Faster Ahead” on Abridged Pause Recordings.
