Sorrowbringer

Sorrowbringer is a melodic doom metal based in Mexico City, Mexico. It was founded in June of 2011 by Manuel Chavez (aka Sainte). After releasing a debut EP, “Failed Existence” in August of 2011, Sainte took a break to join the dark ambient band Éphémère. Sorrowbringer is now back in action and will be releasing a brand new song on Abridged Pause Recordings’ upcoming Various Artists compilation “Billowing Tempestus” in early 2016.
