Welcoming artist: Vision Éternel

This is it: the band Abridged Pause Recordings was waiting for. Vision Éternel. With two EPs already out on Mortification Records and a compilation under way on Frozen Veins Records, Vision Éternel is one of the best established bands in the minimalistic movement of ambient/post-rock in this decade. Next year, we will be presenting you with a split 7″ vinyl featuring Vision Éternel and Ethereal Beauty. We can’t wait to let you all hear it!
